“ I feel a warmth around me like your presence is so near, And I close my eyes to visualize your face when you were here, I remember our times together and they are locked inside my heart, For as long as I have those memories we will never be apart. It feels like a piece of sunshine has gone away. David will forever and always be in my heart. Love, Denice Heninger-Kardas

“ It deeply saddens me to learn of Dave's passing. My condolences to you and your family on your loss. When Daves' retirement was announced, I felt an immediate void in my professional life. Dave was a tremendous support for over twenty years to me and my staff. If I had a project with him, I knew I would get the best.As time grew, I began to learn of how extensive Daves' talent was. He was a joy to work with. We had many a fun time.I was glad when I heard he retired because now he could focus more on his other activities. It came as a reflective shock that he passed so quickly. Thanks to Dave for the memories. He has now gone on that mysterious passage, performing to another audience.

“ I just found out last night. Was out of town, and didnt get the chance to attend the visitation. He was a great guy and I was proud and happy to share the piano with him and his "crew" at Sabatinos. He was a true talent and always made everyone smile. I was truly touched by knowing him for the short time I did.

“ First, my sincerest and heartfelt condolences to David's family, my heart is with you over this tragic loss of your Beloved Son and Brother and Uncle. I so wanted to speak at your service and only wish now that I had. As David made everyone within his presence feel so amazingly special, to be on the receiving end of his affection was something I will never, ever forget. Though time and miles ended up separating us...the memory of Him and the time we were together, will never be forgotten and is forever etched within my heart and memory. A natural talent beyond comprehension, a true genius with a beguiling and impish way about him that could melt the greatest iceberg. A heart of purest gold with a voice to match. I was in awe of him and his gifts. I only hope that in some small way he remembered our time together, there was love there, and he did leave taking a piece of me with him. Sadly, so sadly now, I will miss him. I was honored to have had him grace my life and share a memorable, though sadly brief time together. My Love To You David.

“ Dear Baime Family, I was shocked and saddened to hear of David's leaving this world. I worked with him briefly at Standard Electric. Yet even though I didn't know him long, my life is better for having known him. There was so much good in him - his warm nature, intelligence, sensitivity, inquisitiveness, and resilience. David had real challenges in life - and overcame all with grace and good humor. It hurts to know that I can't talk to him anymore. But we should all feel grateful that we walked this path of life with David. You must have been so proud to have such a fine son and brother. Thank You for bringing him into the World and shaping him into such a fine person. May God bless you and keep you in His care.

“ Everyone at the Morris Lyondellbasell site Instrument group who knew David were shocked and saddened by the news. Someone wrote that he always came up with a solution. While that is certainly true, he always contributed humor and his unique style to everything he touched. We will Truly miss him, and our hearts go out to the family. Kevin Schaefer, Lyondellbasell, Morris, Ill.
