“ Dear Mr. F, Brad, Drew and Family

I don't have words to express my sadness at this moment in time. Mrs. F as I called her, was a wonderful person. I remember all the wonderful meals she cooked and the fun times we spent together. She was a very good friend and a second mother to me! It is really hard to believe that she is not amongst us now.

I am very sorry for your great loss. My sincere sympathies to your entire family. You are all in my thoughts and prayers. May God bless you.

I hope you will understand that I am stuck in a snowstorm and I cannot get there in time for the services. I truly wish I could be there to show my love and support.

Sincerely,
