“ *I am so so glad I got the chance of talking with Uncle Chuck about my father Arthur, his brother, who was in my life very short (I was the age of 7 when he passed), he told me stories about him and I admire for him sharing felt as if he was beside us saying you tell her Thank you Uncle Chuck for being in my life ... “ I'm sad we didn't live closer to Chicago so we'd have been closer. All the family in Chicago though welcomed us with open arms whenever we could get there. Even when I was much younger I remember he came and met me in Chicago somewhere and we took the train back to the house. A few years back he met my daughter Monica and I at the train station in his car and he drove us back to the house. I think he was 82 then. He seemed so much younger than 82.

It has always made me so happy that Uncle Chuck outlived all his siblings by many many years. I'm sure Judy and the kids took really good care of Chuck but he kept going strong. It seems to me his being calm and laid back helped. Wish I were more like him in that way.

Highlights of my life are that my children Alex and Monica both finally got to meet all of you and both of them had a wonderful time visiting with you all there. Uncle Chuck introduced us to the best Italian food in Chicago (maybe anywhere) and we'll never forget that. I love it that he loved to do models and puzzles. I do too. I got part of that LaRue gene. It is wonderful to see all the photos of him with all the grandkids and great grandkids. What a legacy!

I heard that many years ago my father Kenneth tried to convince young Charles to move to Dallas to live and go to college. Part of me wishes he had because then I'd have had a wonderful uncle nearby to get to know better. But I know if he had moved his life and his family wouldn't have been so rich and rewarding. I think it worked out well for him.

I pray that my Chicago family and I keep in touch. I love you very much!

“ My favorite memory of Uncle "Chick" as he was called back then, is going with him and my soon to be Aunt Judy to the Museum of Science and Industry. We had a great time. He will be missed very much. Our condolences to Aunt Judy and the rest of the family.

Dear Judy. So sorry for your loss. I always enjoyed the stories of Chuck you told. I am so glad you got to celebrate another milestone anniversary. I am sorry I cannot make it to the service. I will be out of town

Dear Judy and family, So sorry, for your loss, but you know me, I'm celebrating that Chuck's no longer in pain and doesn't have to live on all those medications any longer. I know he's at peace and that makes me happy. I'm glad I got to know him.
