“ I didn't know Dave for long since I'm new to the ukulele group. In the short time I have known him, I know him as a sweet, kind, helpful, fun guy. I'm so, so, sorry to all of his family and friends! His presence will truly be missed!

“ I met Dave at a ukulele meet-up, he was always warm and welcoming. Wore funny chicken themed shirts we all got a kick out of. He always had a new banjo keel in his arms. Glad to have known him.

“ Dave, aka “Banjo Dave” was a cherished member of so many of our local ukulele groups. He was always kind, welcoming, and encouraging to everyone he met. He had quite a collection of banjoleles, and enjoyed playing every one of them. He shared his passion for the ukulele by also playing at veterans and senior homes. He sure will be missed by all. Sincere condolences to his friends and family, and wishes for many happy and comforting memories.
