“ Dear Grandma, Our thoughts for you are that you are now pain free and enlightened by peace. I'm sure Grandpa has a few words to say and is wondering what took you so long. By now your hearing should be restored, your vision crisp and hopefully you are so light on your feet that you and Iggy can once again enjoy your polkas! You were so very strong through your battle and we are so proud of how, even through the pain, you could joke with us and make us laugh. I was glad I had the extra time with you these past couple months to thank you for everything and be able to share my love with you. I was happy to recall with you how much I appreciated in my childhood all the great trips we took downtown at Christmas time -- seeing all the animated windows, the Nutcracker and spending that time together. The time you've lived in Arizona has also brought so many great memories of adventures and lots of fun times. You will be missed by so many. Godspeed GrandmaLove Susan

“ Although I've only visited with Dorthy on a few occasions when in Chicago, I know she was a wonderful woman and was a true blessing. I know she is in a better place, and heaven is a better place now that she is home. It was a pleasure to have been able to spend some time with her. God keep her in his tender care.

“ Mom were my rock in life and now you are my guardian angel! You taught me all the best things in life, including how to be patient and look at the bright side of life. You taught me the love of planting beautiful flowers and caring for animals and especially the love of dogs. You are my idol. You showed strength through so much pain and never stopped caring for all of us. I'll miss your wonderful cooking and I am happy I learned to cook from the BEST!

You are in such a beautiful place now. I'm sure surrounded by all your family and some friends that have passed. Hopefully all your dogs are greeting you with loving kisses.

You were the most amazing person in my life and I will carry you in my heart always.

Love you forever Mom

“ Mom,
The most special person in my life. I am so happy we got to share the close time in Arizona!!!!!! Who am I going to show my flowers to! Who am I going to share my new recipes with?

I miss you a lot but I know you are happy, peaceful, hearing, and with your brothers and sisters.

You have taught me so much--giving whatever you have in front of you to your kids. (Australian sweatshirt).

Thank you for teaching me so much and sharing your last moments with me.

I love you, I love you.

Love Kathy

“ Mom,
You were a wonderful mother in law to me. Graciously sharing your home with me for 10 years & giving me the opportunity to learn how to make many of Thom's favorite polish dishes & pastries. My appreciation of flowers is all due to the beautiful flowers you'd have all over the backyard every spring & summer. My most cherished moment would have to be the day you gave me the opportunity to pray with you to invite Jesus in your heart & life as Lord & Savior. I love you and will miss you. Lord Willing, I'll see you in eternity.
