“ Georgia was a second mom to me and other when I worked at Avantara. She have so much and never asked for anything in return. She will be missed by many and will hold a special place in our hearts. I'll see you soon Georgia and I'll have a hug waiting for ya

“ Lane & Darren and family,

i'm glad you enjoyed my eulogy to your mom. She was one special lady along with your dad. In today's world, it's almost unbelievable that we've all been friends for close to 60 years. And she had many friends.

I'm sorry for your loss, but please remember, your mom loved you all very much and I'm sure you all have great memories to share with your children of when you grew up.

I know her death was hard to take, but remember your memories of her and your dad never die. I know, because when my children and I get together, we always seem to bring up funny things that their grandma and grandpa did or said or funny things that their father and brother said or done and we all sit around and reminisce. And the funny thing is, all the bad things that happened, never seem to come up. Just the happy things. Life goes on and it is shorter than you think.

Again, I'm glad that I got to know your mom and dad.
