“ *My Deepest Condolences to all the Family & Friends, especially Maria for all she did for her Mom. My prayers are with everyone for peace and comfort and strengthen.*

*Hedwig was a very special, loving and caring person. She had a heart of gold and an amazing personality. I missed her smile and chats we were able to have for many years.*

*They became less and less, when she wasn't able to be outside as much but I would be able to see her through the window, and always with a smile. Then I was no longer working next doors but thought of her often, and was missing her and Maria working hard always around the house inside and outside.*

*Now may she be resting in peace and joining those who went ahead of her, now with a new healthy body and as spunky and she was known to be.*

*Sincerely with Love  
Rosie*
