“ *Krystina was my friend, she was my inspiration. Krystina , by her example, gave me strength derived from the believe that you can overcome whatever life throws at you. Something she had the courage to do everyday.
I will keep the memory of her strength safe in my heart where she will continue to inspire me.
I will picture her perfect smile whenever I feel lonely for her company and I in turn will smile.
Krystina was amazing. She was generous ,caring and she made me laugh. She had a way of making me feel special. It was a gift having her in my life. I find comfort in reflecting upon the effect her poetic nature had upon me.
She was a love song. A beautiful love song whose words I will never forget.*

*I am so very sorry for your loss and I share in your sadness. You have my tears and prayers.

“ To Krysi's family, I am so sorry that you have to go through this. Sending you giant hugs and prayers. I wish more than anything that this wasn't real. Krysi and I have been the best of friends since kindergarten. She was there for me through everything and always made me laugh. We talked almost everyday, laughed like crazy and had plans to grow into crazy old ladies together. I am grateful for the millions of memories we made and grateful I told her I loved her the last time we spoke. Words can't express how empty I feel without her in my life. RIP Krysi I miss you so much 💔🙏

“ My sincerest condolences to Krysi's family. Though the years since our friendship in high school have been substantial, the memories I have of movie nights (grease and boys in the hood) dances and spending weekends together in each other's basements, hold a special place in my heart. Know your memory will never be forgotten. Wishing her family comfort in all their memories.

“ I had the absolute privilege and pleasure of working with Krystina at ADP and I am completely heartbroken upon hearing of her passing. We worked together on the AHA Committee within ADP, and she was so instrumental to the team with her collaboration and raising of funds for this very near and dear cause. We also shared a deep love of dogs, and I always enjoyed hearing about and seeing pictures of her pug Elvis - Krystina just adored him! The thought of not seeing her smiling and cheerful face each day at the office just pains me as Krystina will be missed terribly. I'm so glad I had the opportunity to know her and work with such a loving soul - RIP my friend. Thank you for all the great chats and laughs - you will always have a special place in my heart.

“ *My sincere condolences to Krystina's family and friends- I had the privilege of working with Krystina. I will always remember her as a hard worker who did her best day in and out. The clients she worked with loved her. One memory I will never forget is her love for dogs especially pugs and her Elvis :) I would always share pictures of my sister in laws pug and her face would light up with joy.*

“ My name is Sarah Benzo, I was Krystina’s first manager within Service. My sincerest prayers and condolences go out to the family of Krystina during this trying time. Although we cannot be together her life will not go uncelebrated by all those who had the joy of knowing her. I remember the first time Krystina and I met we officially connected over a discussion of 90’s Grunge music, shoes and our red hair (hair was always a topic for us, haha) - This became a staple to our instant relationship. But not only was I meeting Krystina that day, I was meeting her partner in crime Elvis as well. Krystina had pictures of Elvis all over her workspace and lit up when she spoke about him. Krystina is someone who I had the great pleasure of watching flourish within her career. She accomplished so much within her first few months in role which later proved Krystina was capable of so much more – from months to years later she accepted new challenges that took her outside her comfort zone, mentored, engaged with the company through team activities and the American Heart Association – an overall amazing teammate, Service Consultant, friend and Dog Mom. I admired Krystina for how she was never afraid to be herself and stood by the person she was (she was proud, as she should be), she was brave individual, she had a huge heart that was large enough for everyone especially for those on her team and she always found the good in people. My last team outing before relocating I remember talking with Krystina for hours that evening about life, clothes, shoes, her sister (who she was very proud of), work and so much more. After I relocated to Arizona for work Krystina would reach out to me every Wednesday for months to say hi and most importantly tell me whether or not the café was serving our Nacho’s that day – Those were my last memories with Krystina that I will never forget. My heart is heavy today – Krystina you will be greatly missed. - Sarah

“ *To Krystina's family and friends: I've had the pleasure of working with Krystina the last few years. Even though I work remote, we became friends sharing a laugh, a life lesson a client story. I recall our first in-person meeting. Krystina was the first person to jump up from her desk, introduce herself and invited me to 'pizza' dinner. We had talked about my arrival and love of pizza -- she took me to a new-to-me place and one of her favorites. We enjoyed wonderful conversation and lots of laughter. From that point on, she was a bright spot in the days when she'd often reach out to me to discuss a client issue. She always wanted to do the right thing for our clients and worked to be the best she could be.*

My sincere condolences to you and all who knew her.

“ To the parents and family of Krystina. I wanted to let you know that Krystina was a joy to work with and was caring, warm and considerate. We shared several clients together and learned from each other about HR and Payroll. I will always remember her telling me not to stay too late before she left ADP for the night. Krystina was taking on a new challenge in her role learning payroll and would often laugh and say How do you understand all this stuff? Krystina would always email me on a Friday to ask are you the only one in the office today? I know she was kidding, but deep down Krystina cared about everyone. I was honored to have worked with her. I will keep her in my prayers. Love you Krystina.

“ To Krystina's family and friends: I am one of Krystina's coworkers and I wanted to let you know how deeply sorry and heartbroken I am for you and for all of us in her work family as well. She was a wonderful person, always so very positive and willing to go the extra mile to provide help and learn something new. She was part of our team who raised funds and drove awareness for the American Heart Association's annual Heart Walk in Chicago these last two years so I was blessed to work with her in that capacity as well. Outside of the Heart Walk season, we would usually catch up every couple weeks in the hallways or near the elevator - in fact the last time I saw her was in the elevator when we were both headed home and she shared with me her excitement in expanding her role at ADP. Krystina made an impact on our team and on the clients who she helped every day and words cannot describe how much she will be missed by us. I wish circumstances allowed us to be with you as you celebrate her life and the impact she made on so many.

“ To the parents and family of Krystina. I wanted you to know Krystina was a great coworker she added so much fun to our team. If we were not in this virus lockdown, all of her coworkers and I would all fill up a room to honor Krystina and share our love for her with you. I worked in the cubical behind hers and we shared many of stories and she was there when my father was sick and dying to make sure I was holding myself up. She even made the journey to visit me on my dad's wake in February. Krystina has made an impact in my life she has taught me to view things differently and stop and cuddle your dog an extra minute. She was taking on a new challenge in her role and was developing well learning a new side of her role. I was excited to see her success and was glad to be part of helping her get there. I will miss our mentoring sessions and time we spent as a team working or fun time outside of work. My Krystina's memories live on in your hearts and may you always cherish those moments.
God Bless you

“ To the parents and family of Krystina, please accept my condolences. It was an honor to have become friends with Krystina and I will truly miss her. May God embrace you in comfort during this time.

3 years ago when Krystina started her first day at ADP she had a huge smile and killer shoes. She was so happy to be seated next to me and asked me to become her work mentor. From my that day forward we shared everything and became a great work support for each other. Krystina was always there to jump in and help the team out and was the first to volunteer to decorate for birthdays and special occasions. She would always leave me notes and messages to encourage me when she thought I was having a rough day and little treats especially when we started our healthy living plan. I will definitely miss our walks and crazy conversations about hair, clothes and our past. We had some great times and I'm so blessed to have such great memories and lots of photos of our crazy times. You will forever be missed. Love You Lady.

“ *Krystina started in our division a month before I did. Shortly after I started, she called me to introduce herself and let me know that I could reach out to her with any questions I had and she'd do her best to help me since she was still new too. I've always had a special place in my heart for Krystina as she was the first friend I had made here and was always happy to help. I will truly miss Krystina and will always have that special place in my heart for her. I'm praying for comfort for her family and Elvis too during this most difficult time.*

“ *Hello,*

My name is Jenny Castillo and I am so sorry for your loss. I've worked with Krystina for about 2 years and we became close. She was always there for me and made sure I saw the bright side of everything. We shared many beautiful and funny moments outside of work. She was a very caring, optimistic and loving person. I will miss her so much. I will keep her in my prayers. I love you Krystina!
