“ Marge was a lovely lady who always took the time to say "hello" (when we lived on Ozark Ave in Chicago). Since she volunteered into her nineties it is now time for her to receive her reward. May her family be blessed with the knowledge she is now in a better place.

“ My husband Tom and I will miss our morning chats,(weather permitting), over the yard fence. We would bring our cats out to play and get fresh air. She would talk to all of them, "Hey you, don't get out!". She was the keeper of the side gate. She loved the kitties and kept track of them all! Her favorite was little "Zoe,Zoe", the all black kitty with white paw booties and a white "bowtie" lip! Sometimes we were outside before Marge, and sometimes she would beat us outside. She always asked "How are the babies, today?". She sure loved those kitties! I always kept an eye out for Marge taking her little walk along the yard fence. She always made sure her grip was firm, so as not to fall. I would tell Tom, "Marge is out back, I'm taking Zoe Zoe to visit her". I would step outside the back door with the kitty in my arms, and Marge's face would light up! She would scrunch up Zoe Zoe's face and pet her paws, saying "Hey you...". Marge would always say "I don't know why I'm living so long, everyone else is gone. Oh well!" and then she would smile, that beautiful smile she had! I shall miss this Dear Woman, this Great Lady, her stories of her Life,I will miss her greatly, my neighbor...Margaret (Marge) Shallbetter. "ALWAYS ON MY MIND, FOREVER IN MY HEART" Sleep in Peace with the Angels Dear Lady!
