“ *" WOW " It hit me hard . I just found out; Mike was a SUPER GREAT GUY . one of a kind, never met a man like him and never will. Always with a smile and making you laugh. He was incredible , I loved the guy, he loved his cars and working on them . I was working on a car, I couldn't reach a spark-plug, Mike comes by, and reaches in and takes the plug out with his hand, WOW ! I had a old Chevy, needed a alternator , stopped by Mike, Yeah , he got one for 5 bucks, 10 and he'll put it in, He was amazing , I'm gonna miss him ! I knew him from 2nd grade, always in a good mood. I had nothing but respect for the man, He knew his ****. He was my neighbor from down the street. He invented the super-loud car stereo, I remember hearing Mike from 2 blocks away , playing Beverly Hillbilly Theme Song. I'm sorry to see you go, BUT you left a mark in my life , and others that I will never forget ."* GOD SPEED " BIG FOOT !LOVE U + MISS U BRO !LITTLE FOOT ;

“ *Miss you Big Foot;The reason I call Mike Big Foot is because; When we were young, I forgot my Gym-shoes. Mike offered me his, they were huge, I laughed , said these would fit Big Foot. Ever since, I called him Big Foot, and me Little Foot. He was a great guy, always made me laugh. Bet your cruising in a beautiful car up there. Miss you;Little Foot*
