“ Dear Richie, I want to say how very sorry, I am to be writing to you, about the great memories we shared together as a family, and as friends growing up together...so very late in your passing. Most of all, we are sorry that you had to be taken away from us with a big surprise. You were second to the oldest, almost 83 years old, and living in a 5 room garden apartment alone and so independent as anyone could ever be. And alert as anyone younger could also be. You did the bill paying and all of the personal business of living on your own needed to be done. You loved to watch movies of all kinds, and you had a living room full to prove it. Floor to ceiling full of games also, you did things a lot slower, by walking and climbing steps...but you had a sharp mind, that's for sure! You just didn't want to be put away in a nursing home. God Bless you and may you rest in peace. We love you. I will never forget how you and the older brother's took us little kids fishing, on picnics and to the beach, I could go on and on, after all, we did have a family of twelve. I guess you remember all the pictures you and our sister, Lola took...nonstop, for us to enjoy, and cherish for the rest of our lives, for those who are still with us...that is. You're smile will forever be with all of us, because that was you, and since you were just a little guy, always a smile, no matter what. Thank You! You served in the, National Guards for a long time, then you got called by Uncle Sam, to get your physical to go into the Army, and that you did. You ended up in Germany in all kinds of areas that you had to fire a Wulitzer, I just hope I spelled it the right way, but I know that was why you had some of your lung taken out years later, but survived. that picture of you in that uniform, looking very handsome, with that special smile you showed us. Now as time went on, you finally met and married a woman, named.. Mary, who you stayed with for about 25 years and shared happy times

“ *To a brother who was 12 years older than I, I grew up knowing he was an older big brother who would take us on trips to the park, beaches etc...You are missed and those younger days of my life...Danny*
