“ I remember all the funny moments we had together when I was little. whenever I saw you , you always had a smile or laugh. nothing could keep you down. I wish I was able to see you one last time but I know you will be watching over all of us. your laughter will always be a beautiful melody that plays in my head. you are the exact definition of your last name, a tough man. I love you & miss you dearly. ?

“ Richard, Aneta and Jacques always helped me repair things around my house. They became friends. I never saw anyone work so hard and fast as Richard who took pride in everything he did and he had a level of skill and ability that one rarely sees. It was obvious that father and daughter loved each other very much. I admired so many things about Richard. May he rest and peace. You left too soon. I am so sorry Aneta and Jacques.
