“ Sandy was not only my mother-in-law, but a true, sweet friend who was always there for her kids, family and neighbors, regardless of the situation. Her ability to share love to the ones around her so evenly, had always inspired me to try to be more like her.

The favorite memories are endless, one favorite is being next to her as she kissed a dolphin (after saying she would never do such a thing) .

To my one and only Cub fan~ I will truly miss you, you are loved by so many. We have all been blessed by having you in our lives.

My favorite and sweetest aunt. She was the most sweetest and loving person, I don't think she had a mean bone in her body. A few weeks ago when I seen her she gave me the biggest hug and I felt it might be the last. I had a dream the night I found out that she passed and she said she was ok now and didn't want anyone to be mad that she had to leave us. Aunt Sandy you will always hold a special place in my heart. Love your number 1 niece.

Thanks Carol, Billy, and Scott for taking such good care of her.
